In this regard, the Committee shall consider (i) CIT's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations", (ii) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements, (iii) significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including any information presented regarding alternative GAAP methods or treatments and the effect that such alternatives would have on the financial statements, (iv) any other matters communicated to the Committee by the Independent Auditors under generally accepted auditing standards, (v) any management letter or schedule of unadjusted differences, and (vi) all critical accounting policies and practices used by CIT. The Committee shall review the Independent Auditors' judgments about the quality and appropriateness of the accounting principles applied in CIT's financial reporting, and shall review and consider the reasonableness of analyses prepared by management and the Independent Auditors setting forth significant financial reporting issues and judgments made in connection with the preparation of financial statements. Annually, on the basis of its review and discussion of such matters, the Committee shall recommend to the Board that the audited financial statements be included in CIT's annual report on Form 10-K for filing with the SEC.

The Committee shall discuss with the Independent Auditors their independence and the matters required to be discussed by PCAOB AU 380 on Communications with Audit Committees and Statement of Auditing Standards Standard No. 61 (regarding CIT's audited financial statements) and 100 (regarding CIT's interim financial statements), as amended, and any other applicable auditing standards. 3. **Information Provided to Analysts and Rating Agencies.** The Committee shall review and discuss with management and the Independent Auditors financial information and earnings guidance provided to analysts and rating agencies. The Committee's discussion in this regard may be general in nature (e.g., discussion of the types of information to be disclosed and the type of presentation to be made) and need not take place in advance of each instance in which CIT may provide earnings guidance.

4. **Internal Controls Over Financial Reporting.** In consultation with the Independent Auditors, management, and the Chief Auditor, the Committee shall review the integrity of CIT's financial accounting and reporting process and internal controls. On a quarterly basis, the Committee shall receive and consider a report concerning CIT's internal control over financial reporting, including (i) information about (a) any significant deficiencies or material weaknesses in the design or operation of internal controls over financial reporting that are reasonably likely to adversely affect CIT's ability to record, process, summarize and report financial information and (b) any fraud, whether or not material, that involves management or other employees who have a significant role in CIT's internal control over financial reporting, and (ii) management's responses to any such circumstances. The Committee shall discuss such matters with CIT's chief executive officer and chief financial officer or other members of management and/or the Board as the Committee deems appropriate.

Annually, the Committee shall review management's report on internal controls over financial reporting to be included in CIT's Annual Report on Form 10-K.
